

Leslene Mouton

Hi my name is Leslene Mouton and I am very excited to be here at the Children's Book Network(CBN). We have learnt a lot here for the past few days that they have been here. I would really love too be here every day but I can't because they are not here every day. The people I like here is everyone here because they had helped us with everything. Like Emily and Rosemary that helped us at the shadow puppets and Croce,Anele that has helped us created a music song. Mary and Phumla that has shown us kids how to work with the I Pads. I just wanted them to know we like and love them for everything what they had done for us. Ohh and Lesley thank you for everything I love you so-so much, thanks for everything guys and girls.
