

Lockdown Learning Week 9

We used ***Hero in my Hood's*** story book titled **A book on plastic pollution.** They sponsored half of the workbooks we used in week 9. A huge thank you to them!

Run Thandi, run.
Thandi is catching raindrops in her bottle.
Oops!
She drops the lid in the water.

Join the children on a journey as they follow Thandi's bottle and its lid from their hood all the way to the seaside.

They learn about where waste comes from, where it can end up and what they can do to help.

a book on plastic pollution

be a Hero in my Hood

Where did it go?
Help her follow the water by colouring it blue.
What does Thandi find in the water?

Swoosh, swish, toot. They race after the flying bottle.

TOOT TOOT!

See, it's hot. Plastic litter also gets sunbunt. It gets brittle and breaks into tiny pieces.

What a mess!

Across the river and over the hill, our friends follow the bottle to the seaside.

Hi! What's all this?

Yo, Boogie - where did it all come from?

Hi Goyd! This stuff all comes from our hoods.

Help the children see the plastic by matching the shadows to the objects.

Join the revolution
I'll put it in the bin.

Let's go to **The Seaside** with **our Plastic pollution** story activity book
